

Violin program @ GHA

Mrs. Franke's goal through violin instruction is to bring any child to a superior level of playing and to motivate and encourage her students to participate on the violin tours

which are taken every two years.

Mrs. Franke believes that once a student has experienced a violin tour, their sense of accomplishment is heightened and their performances increase ten-fold. She expresses that tours bring a sense of self-discipline to the violin and a cultural awakening not only with respects to violin, but a worldly awakening.

Mrs. Franke teaches every week @ GHA. She currently has a student base of over 100 students. About 10% are from GHA. Additionally, she teaches the violin program @ Antonio Del Buono School, and is the head architect of SVSSA.

Fees: \$120/month

South Valley Academy: \$45-80/month.

(The SVSSA classes are on every Friday, from 3:30-6:00pm Here the students are taught the Kodaly method of Violin. They are also involved with an exercise program and violin group and ensemble playing.)
